

“Today’s reader is tomorrow’s leader...”

Reading is the foundation of learning, which motivates students to read books independently, and develop creativity, critical thinking, vocabulary and the ability to express both verbally and in writing. In order to inculcate the habit of reading among the students, the Jindalites participated in an online event organized by the National Book Trust of India on 22nd January 2022.

The workshop was based on the guidelines of the CBSE which aim to help children to relate learning to their surroundings and real-life situations. The workshop endeavored to create an environment in which students would be encouraged to read for pleasure and develop their skills through a process that is enjoyable and sustainable, and which remains with them for life. This highly insightful workshop guided students on how to read without getting overwhelmed with the task. Many students from the school participated and got e-certificates which were shared on various social media platforms.
