

N. C. Jindal Public School

(Primary School)

(2021 – 22)

**National Science Day** is celebrated on 28<sup>th</sup> February every year to commemorate the discovery of Raman Effect by Indian Physicist Sir C. V. Raman. He was awarded Nobel Prize in Physics in 1930 for his discovery. N.C. Jindal Public School (Primary) celebrated this day virtually in classes III to V. A video was shared in the class Whatsapp groups which displayed the objectives of celebrating NSD . It also highlighted the contribution of students which included creating online Science games, a model of hovercraft, a bubble machine, various activities on weaving, poster making, parts of a plant, corona model and mask making. The video enhanced scientific temperament among the students.

The NSD celebration helped to spread a message about the significance of scientific applications in daily life of students.
