REPORT ON FINANCIAL LITERACY.

CBSE conducted a webinar on the launch of a book on financial literacy for 6th standard on 29th june,2021. Central Board of Secondary Education (CBSE) and National Payments Corporation of India (NPCI) have jointly launched a workbook for students of class six.

This book shall help in developing student interest in banking and payments and study their relevance in today's time.

This book consists of various topics starting from teamwork, basic financial concepts to banking, security and modes of Digital Payments such as UPI, cards, wallets . From Core concepts like Currency, Banking, Savings and Investments to Advance concepts like IMPS, UPI, RuPay, AePS, NACH. The book is complete with activities , illustrations and practice exercises. These learning tools helps tender minds absorb basic financial concepts with ease.

The book will help the students and teachers understand the origin of banking , transition from coins to paper money , types of banks , major operations and services carried out by banks . It will be beneficial for students not just on the professional front but also at a personal level. The nation is developing into a smart economy, digital payments and cashless society. This book will help students to build a strong base in banking and especially to those who will pursue commerce in future as it will give them a basic knowledge about banking and financing . It will help them to know the value of savings , money and will assist them to be financially empowered before they start their journey as an independent individual. Commerce students of class XI and XII of our school have attended the webinar to acquire knowledge about financial literacy.

Thanks to CBSE and NPCI for launching this book as it will enhance learning of students from a very initial stage.
