

**N. C. JINDAL PUBLIC SCHOOL, PUNJABI BAGH
NATIONAL READING DAY- 19.6.21 (PRIMARY SCHOOL)
REPORT WRITING**

N. C. Jindal Public School (Primary School) celebrated the National Reading Day on 19th June, 2021 to honour the father of Library Movement in Kerala , the late P.N. Panicker. Reading is extremely important for each one of us as it develops our mind and gives excessive knowledge and lessons to life. Reading also helps us to get access to a good stock of vocabulary. A child who reads can have a stronger self confidence . Keeping this in mind, online reading sessions were planned for children to make them aware of the importance of reading. Two beautiful videos were shown on how to make reading a fun activity. They were also made to read their favourite storybooks. The class teachers have shared the audio books with the students so that they can enjoy listening to their favourite authors. All the students actively participated and enjoyed the online reading session.
